"I have always wanted to pursue an MBA to broaden my network and gain opportunities to work abroad. The generosity of the scholarship and industry-relevant curriculum made me choose the tri-city MGB program at SP Jain.

It has been a great decision so far as I am gaining global exposure in addition to building my technical and soft skills in business. Global Learning activities at SP Jain are a great way to have fun while you learn too. With the inclusive and supportive faculty, I am continuously discovering new capabilities in myself."

**MARIA BETTINA MAOG (FILIPINO)**

SP Jain School of Global Management

# Alumni Stories

My time at SP Jain Global was packed with experiences that taught me invaluable leadership and teamwork skills, taking me across India, UAE, Singapore, and Saudi Arabia. I even managed to earn my Certified Scrum Master qualification along the way, a milestone that continues to shape my professional path.

Today, I'm thriving as a Strategy and Transformation Consultant in the Middle East's booming Fintech/Banktech industry. My academic journey included impactful industry projects, such as developing a digital banking strategy with Google Singapore and exploring Industry 5.0 technologies with Grant Thornton in Dubai. Additionally, I completed a thesis on 'Corporate Venturing: Strategy, Structure, and Systems for Success,' guided by professors.
